A vertical seam or joint runs down the center-right of the image. To the right of this seam, the wall has a darker, more complex pattern, appearing to be a mix of dark green and brown tones, possibly a patterned wallpaper or a different material. The lighting is soft and even, highlighting the textures and colors of the wall.

ABOUT HOS

The HOS Members Club sprung from an aspiration to unite a local and international community of talented creators in their field, lovers of aesthetics and pursuers of the art of living.

Blending together a sophisticated melange of travelers and creatives, we encourage expression and organic exchanges. Offering our multi-purpose spaces as stages for the imagination, our members have the opportunity to experiment, showcase and engage.

Between our 1920s Athenian townhouse (Shila), its downtown sister venue (Mona) and our urban Brooklyn locations (Rosa), we host a range of pop-up events, supper clubs, underground live music sessions, wellbeing practices, and art exhibitions.

PHILOSOPHY

Dedicated to all things sensually beautiful, the House of Shila excels at uncovering unique properties and converting them into aesthetically gratifying vessels for transportive, sensory experiences that inspire new perspectives.

Since 2020, we launched destination hotels and creative spaces that defy categorisation. Under the HOS umbrella we run a design studio, art showroom and members club that brings original talent to the foreground.
